October 4, 2021

Dear Residents, Clients and Families:

On October 3rd, 2021 a member of our team tested positive for COVID-19. We immediately reported the case to local health officials and initiated the mandated safety protocols. These precautions include temporary suspension of visitation.

We expect this suspension will be brief as we work with officials at Chippewa County Public Health and follow all their recommendations for follow-up testing. If you have any questions about other visitation options, please call our Life Enrichment Department at 715-723-4437.

This incident reminds us that COVID-19 is still being experienced in our communities. We urge you to continue to follow the mitigation efforts (such as wearing masks, washing your hands frequently and maintaining social distancing) that have served us so well. The safety of our clients, residents, staff and all their families remains our top priority.

Thank you for your understanding and patience during these uncertain times. We are honored by your trust and appreciate the opportunity to serve you and your loved one.

Sincerely,

A handwritten signature in black ink, appearing to read "JHI Gengler".
