

Memo

To: All CMRL Staff
From: Morgan Anderson, Director of Residential Living & HR
Date: May 9, 2023
Re: COVID19 – Positive Case

One staff member of Chippewa Manor RL has tested positive for COVID-19, and we are following public health directions.

We will continue to follow the mitigation strategies still in place from our first reported case.

At this time activities and dining opportunities will continue for all other residents.

If you have any questions or concerns, please let me know.

Thank you for all you do for our clients and residents. Stay safe!
