## Service Dog for a Local Veteran

*Join a year-long community initiative led by Chippewa Manor to help give independence, restore confidence and change the life of a local veteran.*

### Why This Campaign Matters....

Every day local veterans quietly face challenges many never see—PTSD, anxiety, mobility limitations, and the emotional weight of transitioning back to civilian life. For many veterans, a professionally trained service dog is not just a companion—it is a lifeline.

Paws for a Cause | Service Dog for a Local Veteran is a yearlong community initiative dedicated to providing a fully trained, certified service dog to a veteran right here in our community. This dog will help restore independence, emotional stability, safety, confidence, and daily functionality. The impact is profound. The transformation is real. And the need is urgent.

### Service Dogs Help Veterans:

- ▶ Reduce PTSD & anxiety symptoms
- ▶ Improve sleep & safety
- ▶ Assist with mobility & daily tasks
- ▶ Increase independence
- ▶ Rebuild confidence & resilience
- ▶ Reconnect with the community
- ▶ Live with dignity

## Join a Great Cause with Experienced and Proven Partners

### Who you are partnering with...

Chippewa Manor has provided high level assisted living, independent senior apartments and nursing and rehabilitation services in the Chippewa Valley for more than 60 years. We've hosted a Veterans Salute (Veterans Day) celebration the past 18 years, to draw attention to the men and women who have served in our nation's military from our community.

This year, we are spearheading a yearlong community-focused fundraising initiative dedicated to providing a specially bred and fully trained service dog for a local veteran. Our goal is to have fundraising completed by November.

We are proudly partnering with Patriot K9s of Wisconsin, a respected nonprofit with a proven record of breeding, training and placing service dogs with veterans.

### Patriot K9s has...

- ▶ Partnered with major Wisconsin organizations, including the Green Bay Packers
- ▶ Been the recipient of multiple U.S. government grants
- ▶ Extensive experience training/matching dogs with veterans

**Breeding and training a service dog takes 18+ months and costs up to \$30,000 per dog. Your sponsorship ensures a veteran receives a dog trained specifically for their needs.**
